

41st Actuarial Research Conference
Université de Montréal, Montréal, Canada
10-12 August 2006

The annual Actuarial Research Conference (ARC) provides an opportunity for academics and practitioners to meet and discuss actuarial problems and their solutions. Presentations are welcome on all topics of interest to actuaries. The 41st ARC will be hosted by the Département de mathématiques et de statistique. Conference sponsors include Casualty Actuarial Society, Society of Actuaries and Centre de Recherches Mathématiques of the Université de Montreal.

Organizing Committee:

L. Doray (chair), C. Dugas, M. Morales

1st International Workshop on Gerber-Shiu Functions
Concordia University, Montreal
7-8 August 2006

The purpose of this satellite workshop is to sum up the latest theoretical developments on Gerber-Shiu functions and to stimulate applications, both in finance and risk theory. A small number of 1-hour invited talks is planned, with ample opportunity for discussions. Participants to the ARC conference and all other interested researchers are welcome.

Organizing Committee:

J. Garrido (chair), P. Gaillardetz, Q. Tang, X. Zhou
